

Index for Chapter 296-96 WAC

A

Absorption of regenerated power...82
Access door
 Machine rooms...61
 Pits...62
Access switch
 Hoistway...66, 72
Advisory committee...6
Alteration
 See inspections
 See penalties
 See permits
 See plan approval
Angle of inclination
 Private residence conveyance, persons...27
 Private residence conveyance,
 property...35
Annual inspection
 See inspections
Anti-creep leveling device...88
 Casket lifts...57
Anti-slide device, escalator...90
Appeal, notice of violation...14
Aprons
 See platform guards
Audible signaling device...82
Automobile parking elevator...3
Auxiliary rope fastening device...85

B

Balustrades...90
Beams
 Casket lifts...54, 55
 See machinery beams
Belt drives
 Indirect-drive machines...77, 78
 Winding drum machines...77
Belt manlift, definition...3
 Regulations and requirements...43-53

Bracket, guide-rail
 See guide-rail bracket
Braille...18, 19, 20
Brakes
 Additional requirements, Private
 Residence Conveyance, persons...34
Boat launching elevators...58
Driving machines...78
Driving machines, casket lifts...56
Driving machines and sheaves, Private
Residence Conveyance, persons...31
Driving machines and sheaves, Private
Residence Conveyance, property...38
Drive machines, belt manlift...46
Escalators...91
Foot brake, hand-powered manlift...51
Inspections, belt manlift...49
Minimum standards, lifts...23
Broken drive-chain devices, escalator...92
Broken rope, tape, or chain switch...80, 89
Broken step-chain device, escalator...92
Buffers
 Counterweighted hydraulic elevators...89
 Existing elevators, dumbwaiters, and
Escalators...68, 86
Hand-powered manlifts...50
In hoistways not extending to lowest
levels...22
Private Residence Conveyance,
persons...28
Private Residence Conveyance,
property...36
With counterweight pit guards...63
With Type C safeties...73, 81
Buffer switch...81
Building code
 Track supporting structures...34, 41
Bumper
 See buffers

C

- Capacity plates...76, 77
 - Private Residence Conveyance, persons...30
 - Private Residence Conveyance, property...37
- Car door
 - Casket lifts...54
 - Electric contacts...29, 81, 89
 - Hand-powered manlift...51
 - Location of...71, 72
 - Reopening device for automatic-closing...17
 - Reopening device for power-operated...67
 - Private Residence Conveyance, person...29
 - Requirements for existing elevators, dumbwaiters, and escalators...70, 71
- Car enclosure
 - Lining material...70
 - Material lifts...23
 - Private Residence Conveyance, persons...29
 - Private Residence Conveyance, property...37
 - Casket lifts...55
 - Requirements for existing elevators, dumbwaiters, and escalators...69, 70, 86
- Car floor
 - See car platform
- Car frame
 - Casket lifts...55
 - Requirements for existing elevators, dumbwaiters, and escalators...68, 86
 - Requirements for existing elevators, dumbwaiters, and escalators...72
 - Weight during loading, material lift...23
- Car lighting
- Car numbers...61
- Car platform
 - Escape ladders, hand-powered manlift...53
 - Plunger, hydraulic elevator...56
 - Clearance between sill and hoistway landing sill...18
 - Connection to car frame, casket lifts...55
- Construction requirements, inclined elevators...29, 36
- Construction requirements, casket lifts...55
- Load and size requirements, Private Residence Conveyance, persons...29
- Load and size requirements, Private Residence Conveyance, property...36
- Minimum clearance from top, hand-powered manlift...51
- Requirements for existing elevators, dumbwaiters, and escalators...68, 86
- Car safety mechanism switches...74, 75
- Car sill
 - See platform sill
- Car top
 - Operating devices...88
 - Required to support 300 lbs...70
 - See also car enclosure
- Carpeting...70
- Caution sign...93
- Ceramic permanent magnet
 - Escalator brakes...91
- Chain drives
 - Indirect-drive machines...77, 78
- Check valve
 - Casket lifts...57
 - Requirements for existing elevators, dumbwaiters, and escalators...87
- Clearance
 - Belt manlift landings...43
 - Between car sill and hoistway, material lifts...23
 - Between skirt panels and step threads, escalators...90
 - Hoistway, hand-powered manlifts...50
 - Hoistway cars, hand-powered manlifts...51
 - Landing sill requirements...65
 - Maximum threshold...65
 - Requirements for incline runway, Private Residence Conveyance, persons...27
 - Top, belt manlifts...45
- Closing Device, Hoistway
 - See hoistway, closing device
- Codes
 - Adopted...1-3
- Combplates...91
 - Skirt obstruction devices...92

- Communication
 - See emergency communication systems
- Control systems
 - Private Residence Conveyance, persons...32
 - Private Residence Conveyance, property...39
- Control and operating circuit
 - Grounding and overcurrent protection...82
 - Hydraulic elevators...89
 - Private Residence Conveyance, persons...32
 - Private Residence Conveyance, property...39
 - Requirements for existing elevators, dumbwaiters, and escalators...72
- Counterweights
 - Additional requirements, hydraulic elevators...89
 - Construction requirements, Private Residence Conveyance, persons...30
 - Five year test, material lifts...26
 - Guides, material lifts...23
 - Habitable space beneath shaft, hand-powered manlifts...50
 - In hoistways not extending to lowest levels, material lifts...22
 - Load capacity, casket lifts...55
 - Pit guards...63
 - Requirements, Private Residence Conveyance, property...38
 - Requirements for existing elevators, dumbwaiters, and escalators...68
 - Rope connections, material lifts...24
 - Sectional, hand-powered manlifts...51, 52
 - Suspension methods, Private Residence Conveyance, persons...33
 - Suspension methods, Private Residence Conveyance, property...40

D

- Data plate...30, 37
- Data tag
 - Requirements...83
 - Ropes, material lifts...24
 - Ropes, Private Residence

- Conveyance, property...40
- Disconnect switch...81
- Door
 - Hangers...65
 - See car door
 - See hoistway door
- Drive-chain device
 - See broken drive-chain device
- Driving machine
 - Brakes, casket lifts...56
 - Brakes, existing elevators, dumbwaiters, and escalators...78
 - Casket lifts...55
 - Hydraulic elevators...86
 - Requirements, material lifts...22
 - Requirements, Private Residence Conveyance, persons...31, 32
 - Requirements, Private Residence Conveyance, property...38
 - Requirements for existing elevators, dumbwaiters, and escalators...77
- Dumbwaiters
 - Definition...4
 - Requested inspection fee...10
 - Requirements for electric and electro-hydraulic...93
 - Requirements for hand-powered...94

E

- Electric contact
 - See car door
 - See hoistway door
- Electric elevator
 - Definition...4
- Electrical protective devices
 - Requirements, material lifts...23
 - Required for existing elevators, dumbwaiters, and escalators...80, 81
 - Requirements, hydraulic elevators...88

- Electrical wiring
 - Boat launching elevators...58
 - Casket lifts...54
 - Material lifts...25
 - Private Residence Conveyance, persons...34
 - Private Residence Conveyance, property...40
- Elevator
 - Definition...4
- Emergency communication systems...19
- Emergency escape hatches...17
- Emergency escape ladders, belt manlifts...45
- Emergency exits
 - Electric contact...81, 86
 - Requirements for existing elevators, dumbwaiters, and escalators...72
- Emergency operations...82, 89
- Emergency signaling device...82
- Emergency stop button...79
 - Escalators...91
- Emergency terminal stopping device...80
 - Hydraulic elevators...86
- Entrances
 - Requirements for belt manlifts...44
 - Requirements for hand-powered manlifts...49
 - Requirements for casket lifts...54
- Escalator
 - Annual operating permit fee...11
 - Definition...4
 - Requirements for...89-93
- Escape ladders, hand-powered manlifts...53

F

- Final terminal stopping devices
 - Casket lifts...56, 57
 - Requirements for existing elevators, dumbwaiters, and escalators...79, 80
- Finger guard...70
 - Escalators...90
- Fire extinguisher
 - Hand-powered manlifts...53
- Floor numbers...66
- Floor opening guards

- Belt manlifts...44
- Freight elevator
 - Annual operating permit fee...12
 - Definition...4
 - Freight loading...76
 - Hoistway doors...63
 - Hoistway door locking devices...66

G

- Glass
 - Hoistway door vision panels...64
 - Private Residence Conveyance, persons...29
 - Private Residence Conveyance, property...37
- Governors
 - Private Residence Conveyance, persons...30, 31
 - Private Residence Conveyance, property...38
 - Rope...74
 - Speed...74, 75
 - Speed, escalators...91, 92
- Guide rails
 - Casket lifts...55
 - Counterweights, material lifts...23
 - Hoistway car, hand-powered manlifts...51
 - Hoistway, hand-powered manlifts...50
 - Private Residence Conveyance, persons...30
 - Private Residence Conveyance, property...37

H

- Hall buttons...20
- Hall lanterns...20
- Hand dumbwaiter
 - Requirements...94
- Hand elevator
 - Definition...4
 - Requirements...94

- Handrails
 - Requirements...19
 - Requirements, belt manlifts...44
 - Requirements, escalators...90
- Hangers
 - See door hangers
- Hinged platform sills...69
- Hoisting cable
 - Boat launching elevators...58
- Hoisting rope
 - See rope
- Hoistways
 - ASME standards for sprinklers, smoke detectors, and heat detectors...15, 16
 - Cars, hand-powered manlifts...50
 - Enclosure gates and doors...21, 22
 - Enclosed, boat launching elevator...59
 - Enclosures, hydraulic elevators...60, 61
 - Entrance, hand-powered manlifts...49
 - Landings, hand-powered manlifts...49
 - Lights, hand-powered manlifts...52
 - Not extending to lowest levels...22
 - Pipes that convey gases, vapors, or liquids...61
 - Protective measures...62
- Hoistway doors (gates)
 - Astragals...65
 - Closing devices, existing elevators, dumbwaiters, and escalators...64
 - Hanging, casket lifts...54
 - Interlocks and electric contacts...81
 - Interlocks and electric contacts, hydraulic elevators...89
 - Locks, casket lifts...54
 - Locking devices, existing elevators, dumbwaiters, and escalators...66
 - Photo electric or electric eye reopening devices...68
 - Requirements, casket lifts...54
 - Requirements for door openings, casket lifts...54
 - Requirements, boat launching elevators...58
 - Requirements, hand elevators and hand dumbwaiters...94
 - Requirements for existing elevators, dumbwaiters, and escalators...63
 - Unlocking devices...66

- Vision panels, existing elevators, dumbwaiters, and escalators...64
- Hydraulic elevator
 - Annual operating permit fee...11
 - Definitions...4
 - Shut-off valve...15
 - Specific requirements...56

I

- Inclined elevator
 - Definition...4
 - Requested inspection fee...10
- Inspections
 - After hours...11
 - Belt manlifts...49
 - Dumbwaiters and hand-powered elevators...94
 - Fees...9
 - Material lifts...25
 - Requirements, Private Residence Conveyance...10
 - Supplemental...10
 - Temporary personnel elevators...10
- Interlock
 - See hoistway doors, locking devices
 - See operating circuits
 - See electrical protective devices
- Interruption of power
 - See governors, speed
 - See broken step-chain device

J

K

- Keys
 - Required onsite...16, 60

L

- Landings, belt manlifts...43, 44, 45
- Landing enclosures, Private Residence Conveyances, persons...28

- Landings, material lifts
 - Illumination...25
 - Signs posted...25
- Landing sill requirements
 - See clearance, landing sill
- Leveling
 - See platform guard
 - See self-leveling device
- Lighting
 - Belt manlifts...45
 - In machine rooms, existing elevators, dumbwaiters, and escalators...62
 - See car lighting
 - See hoistway, lights, hand-powered manlifts
 - Step tread...93
- Limited-use/Limited-application elevator
 - Annual operating permit fee...11
 - Definition...4
 - Phase I recall...15
 - Requirements for car interiors...18
- Loading
 - Hydraulic elevators...86
- Lubrication
 - See rail lubrication
- Lubrication plates...74

M

- Machine room
 - ASME requirements for sprinklers, smoke detectors, and heat detectors...15
 - Equipment, casket lifts...53
 - Location and operation, casket lifts...53
 - Pipes and ducts above...16
 - Requirements for existing elevators, dumbwaiters, and escalators...61
 - Wiring, pipes, and ducts, casket lifts...54
 - See lighting
- Machinery beams
 - Private Residence Conveyance, persons...28
 - Private Residence Conveyance, property...36
- Material hoist
 - Annual operating permit fee...12
 - Definition...4

- Permit fees...8
- Regulations...42
- Material lifts
 - Annual operating permit fee...11
 - Definition...4
 - Minimum standards...21-26
- Motor generator overspeed protection...81
- Motor generator running switch...80
- Moving walk
 - Annual operating permit fee...12
 - Definition...5

N

- National Electrical Code
 - Electrical wiring standards, material lifts...25
 - Electrical wiring, Private Residence Conveyance, persons...34
 - Electrical wiring, Private Residence Conveyance, property...40
 - Grounding and overcurrent protection...82
 - Plan Approval...9
 - Traveling cables, Private Residence Conveyance, persons...33
 - Traveling cables, Private Residence Conveyance, property...40
- Normal terminal stopping devices...80

O

- Observation elevator
 - Definition...5
- Oil buffer
 - See buffers
- Operating circuit
 - See control and operating circuit
- Operating devices
 - Casket lifts...57
 - Requirements, material lifts...23
 - Requirements for car top, existing elevators, dumbwaiters, and escalators...80
 - Requirements, hydraulic elevators...88
 - Requirements for car top, hydraulic elevators...88

What types not to use, existing elevators,
dumbwaiters, and escalators...79
Overspeed switch
See governors, speed

P

Parking devices...66
Parking garage equipment...59
Passenger elevator
Car enclosure...70
Definition...5
Emergency stop buttons...79
Hoistway doors...63, 66
See also rated load
Penalties...12, 13
Permits
Annual operating...11, 12
Fees...7,8
Process...7
Refundable...9
Personnel hoist
Definition...5
Regulations...42
See also permits
Physically handicapped lifts...20, 95
Pits
Construction...24, 25
Hydraulic elevators...62, 63
See also stop switches
Platform guards
Requirements for electric elevators...69
Platform sill
Hinged...69
Plungers
Stops for hydraulic elevators...86
See also hydraulic elevators, specific
requirements
Position indicators...18
Power supply line disconnect...81
Private residence conveyance
Annual operating permit fees...12
Inspection requirements and fees...10
Transporting persons, regulations...27-34
Transporting property, regulations...35-42
Protection of space beneath hoistway...54, 63
Pull straps...65

Pump relief valves
Hydraulic elevators...86, 87, 88
See relief valves

Q

R

Rack and pinion elevator
Definition...5
Rail lubrication...74
Rated load
Car platforms, Private Residence
Conveyance, persons...29
Car platforms, Private Residence
Conveyance, property...36
Minimum for passenger elevators...75
Minimum for freight elevators...76
Rated Speed
Maximum for Private Residence
Conveyance, persons...29
Maximum for Private Residence
Conveyance, property...36
Plunger stops, hydraulic elevators...86
Solid bumpers, electric elevators...68
Solid bumpers, hydraulic elevators...86
Relief valves
Casket lifts...57
See pump relief valves
Reopening device
See car door
Reversal stop device...92
Risers...90
Rolling shutter devices...92
Rooftop elevator
Definition...5
Rope
Equalizers...84
Factor of safety, wire suspension...83, 84
Governor...74
Hoisting, hand-powered manlifts...52
Material lifts...24
Minimum number of suspension...84
Operating, hand-powered manlifts...52
Safeties and governors, Private Residence
Conveyance, persons...30

Specifications for casket lifts...56
See also suspension methods, Private
Residence Conveyance, persons
See also suspension methods, Private
Residence Conveyance, property
See also suspension systems

Runway

Counterweight, hand-powered
manlifts...52
See clearance, incline runway

S

Safeties

Car, material lifts...23
Requirements for car...73, 74
Requirements for Private Residence
Conveyances, persons...30, 31
Requirements for Private Residence
Conveyances, property...38
See protection of space beneath hoistway

Safety mechanism switches...74

Screw column elevator

Definition...5

Self-leveling devices...17

Sheaves

General requirements...77
Minimum acceptable diameter,
hand-powered manlifts...52
Requirements for Private Residence
Conveyances, persons...31
Requirements for Private Residence
Conveyances, property...38
Required material and grooving,
casket lifts...55
Safety requirements for overhead...61

Sidewalk elevator

Definition...5

Requirements...95

Signs

Caution, escalators...93
Freight elevators...77
Material lifts...25
“No Riders,” Private Residence
Conveyances, Property...41
Warning, belt manlifts...48
Skirt obstruction device, escalator...92
Skirt panel, escalator...90

Slack rope device

Casket lifts...56

Material lifts...23

Slack rope switch...93

Smoke detectors...15

Spring buffers

See buffers

Stairway chairlift

See physically handicapped lift

Starting switch

Escalators...91

Stop switch

Boat launching elevators...58

Car controls...18

Existing electric elevators...80

Hydraulic elevators...88, 89

Lift control station, material lifts...24

Private Residence Conveyance,

Persons...32

Private Residence Conveyance,

Property...39

Supply piping

Casket lifts...57

Hydraulic elevators...87

Suspension methods

Private Residence Conveyance,
persons...33

Private Residence Conveyance,
property...39, 40

Suspension rope equalizers...84

T

Tandem operations

Escalators...92

Tanks

Hydraulic elevators...87, 88

Telephone

See emergency communication system

Terminal stopping devices

Casket lifts...56, 57

Existing elevators...79, 80, 81

Hydraulic elevators...88

Material lifts...23

Private Residence Conveyance,
persons...32

Private Residence Conveyance,

- property...39
- Tie rods
 - Counterweights...68
- Tiller rope
 - Safeties...30, 74
- Traveling cables
 - Private Residence Conveyance, persons...33
 - Private Residence Conveyance, property...40
- Tripping speed
 - Governor...22, 23, 63, 73, 82
- Type A safety...73
- Type B safety...73, 74
- Type C safety...68, 73, 81

- Requirements for existing elevators...77
- Spare rope turns...85
- See also terminal stopping devices
- Wiring
 - See electrical wiring
- Working pressure
 - See pump relief valve

X

Y

Z

U

- Unlocking devices
 - See hoistway doors

V

- Ventilation grids...62
- Vertical wheelchair lift
 - See physically handicapped lift
- Vision panels
 - See hoistway doors

W

- Weatherproof
 - Cylinder type lock, Private Residence Conveyance, persons...32
 - Cylinder type lock, Private Residence Conveyance, property...39
- Electrical equipment, sidewalk elevators...95
- Welding...55
- Wheelchair lift
 - Definition...6
 - See also physically handicapped lift
- Winding drum machine
 - Dumbwaiters...93
